OUR PRODUCT RANGES

Premium Timber

Imported hardwoods for decking, cladding, flooring, joinery and structural applications.

Garage Door Automation

Reliable automation solutions for residential and commercial applications.

MGO Boards

Fire and mould-resistant magnesium oxide boards designed for modern construction.

Liquid Armour Coatings

Advanced protective coatings and surface protection solutions for timber, concrete, masonry and metal.

Decking

Premium hardwood and durable, low-maintenance composite decking solutions for outdoor living and commercial environments.

International Procurement

Can't find what you need locally? We source and import specialist products to meet your requirements.

BUILT FOR THE TRADE

We Supply The People Who Build South Africa.

NLA works closely with resellers, hardware stores, timber merchants, builders' merchants, contractors, developers, architects and other industry professionals.

Our focus goes beyond supplying products. We provide competitive pricing, technical support, reliable distribution and international procurement expertise to help our customers operate with confidence.

South Africa's Trusted Distributor Since 1987

Two Divisions. One Standard of Excellence.

To serve customers with focus and depth, NLA operates through two complementary divisions, united by shared values and a single standard of excellence.

01 NLA Timber Products & Liquid Armour

This is the customer-facing heart of NLA. It supplies premium timber, composite decking, MGO boards, garage door automation and the exclusive Liquid Armour protective coatings range for residential, commercial and architectural projects.

02 NLA International Procurement Specialists

This is the global sourcing engine behind everything we supply. Drawing on nearly 40 years of experience since 1987, this team manages worldwide sourcing, supplier relationships and procurement strategy with precision. The value lies in the network and the know-how decades of trusted partnerships with manufacturers around the world.

Our Philosophy

Rather than simply selling products, we work alongside our customers to understand their requirements and provide practical, cost-effective solutions supported by technical knowledge and dependable service.

Every supplier relationship, every imported shipment and every product we distribute reflects our commitment to quality, professionalism and customer satisfaction.

Whether supplying a single project or supporting a national reseller network, our goal remains the same to deliver premium products backed by outstanding service and reliable supply.

Need Something Outside Our Standard Range?

NLA provides complete international sourcing and import management from supplier identification and negotiation through to delivery.

01 Supplier Sourcing

Identify suitable international manufacturers and suppliers.

02 Product Procurement

Sourcing products according to your requirements.

03 Factory Negotiations

Manage supplier communication and commercial negotiations.

04 Quality Inspections

Assist with quality assurance before products leave the factory.

05 Shipping & Customs Documentation

Coordinate shipping and all required import documentation.

06 Import Logistics

Manage the movement of goods into South Africa.

07 Delivery To Site Or Collection

Arrange delivery to your site or collection from our warehouse.

Why Choose NLA?

Nearly 40 Years Of Experience

Established in 1987, NLA has developed an extensive international supplier network and a reputation for reliable products and exceptional customer service.

Wholesale & Distribution Specialists

We support hardware stores, timber merchants, builders' merchants, contractors and resellers with trade pricing, technical support and marketing assistance.

Global Procurement Specialists

We source products directly from carefully selected manufacturers worldwide, helping our customers access quality products, competitive pricing and dependable supply.

Technical Knowledge

Our experienced team provides practical product guidance and application advice, helping customers select the right solution for their projects.

Exclusive Liquid Armour Distributor

NLA is the exclusive South African distributor of Liquid Armour, providing innovative surface protection solutions for timber, concrete, masonry and steel.

National Distribution

We supply customers throughout South Africa and neighbouring countries, supported by efficient logistics and dependable delivery.
